

Pre-Crushing Equipment

Application:

- ▶ Mineral powders
- ▶ Coarse gravel
- ▶ Construction materials
- ▶ Ceramic fillers
- ▶ Other hard and soft minerals

Features:

- ▶ Solid construction
- ▶ High availability due to proven technology
- ▶ Low maintenance
- ▶ Wide range of performance
- ▶ Various crusher types
- ▶ Excellent cost-performance-ratio

Performance:

- ▶ Jaw crusher
Feed size 60 to 800 mm
Capacity 1 to 200 t/h
- ▶ Impact crusher
Feed size up to 600 mm
Capacity 50 to 200 t/h
- ▶ Cone crusher
Feed size 35 to 250 mm
Capacity 20 to 250 t/h
- ▶ Roller crusher
Feed size 20 to 80 mm
Capacity 6 to 100 t/h
- ▶ Screening machine
Feed size pre-crushed, up to 50 mm
Capacity 20 to 200 t/h
