

## Turbo Whirl Mill

### Application:

- ▶ Mineral fillers
- ▶ Ceramic fillers
- ▶ Animal food
- ▶ Chemical products
- ▶ Food
- ▶ Surface treatment, coating
- ▶ other powders

### Features:

- ▶ For soft to medium hard products
- ▶ Absence of metallic contamination
- ▶ For fibre products especially
- ▶ Pressure shock proof design
- ▶ Low energy consumption
- ▶ Step particle size distribution
- ▶ Easy adjustment
- ▶ Part wise no classifier needed

### Performance:

- ▶ Capacity 50 to 6.000 kg/h
- ▶ Fineness  $d_{97} = 10 \mu$  to  $1.500 \mu$
